AWARD

. Dismissal from service of Shri P. Pappan, Factory Worker, of Skinnerpuram Estate is the issue referred for adjudication by the Government of Kerala as per G. O. (Rt.) No. 1417/81 dated 16-11-1981. It has been stated in the statement filed by the Workman (Sri P. Pappan) that his services were terminated as per notice dated 12th September, 1980 that the allegation that he had received the Memo of charges is not true that no enquiry was conducted and that he is entitled to be reinstated with all back wages.

2. The Management (Managing Director, Malabar Industrial Company Limited, Shertallay), filed a statement raising the following contentions:—The charge against the workman is that he had stolen 33 kgs. of scrap rubber. An enquiry was conducted in the presence of the workman. The dismissal was made on the basis of the findings of the Enquiry Officer. The workman filed another statement reiterating his contentions.

3. On 15th December, 1982 the parties filed a joint petition reporting settlement of the matter and praying that an award may be passed holding that there is no subsisting Industrial Dispute. Subsequently, a copy of the settlement has been filed in court. The Memorandum of settlement along with other things provides for payment of retrenchment compensation at the rate of rupees 1,554 per every year of completed service to factory workers in lieu of retrenchment compensation and gratuity. Factory workers are entitled to a notice pay of rupees 444. In addition to this the settlement also provides for ex-gratia payments varying from rupees 2,000 to rupees 4,000. It was represented by Sri P. Narayanan Nair learned Counsel for the Management, that the amounts due to the workman have been paid. Therefore time was allowed for production of the receipt evidencing payment. But the receipt was not produced. Therefore an award is passed in terms of the settlement.

4. Since the workman has completed 11 years of service, he is entitled to get rupees 17,094 in lieu of retrenchment compensation and gratuity. The notice pay due to him is rupees. 444. The ex-gratia payment due to him is rupees 2,000. Thus in all the total amount due to the workman as per the settlement is rupees 19,538.

In the result I pass an award directing payment of rupees 19,538 to Sri P. Pappan, Thuruthikizhakkothil, Maroor P. O., Elamannoor.

This award shall come into force on the expiry of thirty days from the date of its publication in the Government Gazette.

AWARD

The above Industrial Dispute was referred for adjudication as per G. O. (Rt.) 1706/78/L&H dated 2-11-1978. The reference was initially to the Industrial Tribunal, Alleppey. Subsequently on constitution of this Tribunal this reference was transferred to this Tribunal by orders of the Government and refiled in the present number.

The issue referred is the following. "Wages to the workers for the lock out period from 10-5-1978 to 22-5-1978."

The claim putforward by the workmen is as regards the wages to them for the period from 10-5-1978 to 22-5-1978. The union's case in their claim statement in that they had made certain legitimate claims before the management which management did not acceed and as a relatiatory measure to wreck vengence on the unions the management, as per notice dated 10 5-1978 declared a lock out. In the notice the management alleged that 70 workers in the erection force have deserted the management. The workmen deny that they have indulged in any activities so as to call for a lock out. The workmen, they contend, are disciplined, well mannered and solicituous of the production of the Industrial Complex i. e. Kerala News Print Project Velloore.

In the reply statement filed on behalf of the management they state that the dispute as referred is not maintainable either in law or on facts. In the forefront, they putforward the contention that the 5th union who has filed the claim statement is incompetent to contest the reference under dispute, since they are not representing any of the workers under the

management, there is no employer-employee relationship between the above said 5th union and the management.. They deny that the workmen concerned are employed by them. The various items of work such as fabrication, erection, painting, sheeting etc. have been undertaken by different independent contractors. The workmen in question are employed by such independent contractors. There is no privity of contract between the workmen and this management. On the sole ground they challenge the maintainability of the reference.

Apart from that they contend that they are not liable to pay the wages to any workmen from 10-5-1978 to 22-5-1978. The suspension of work was necessitated due to circumstances wilfully created by the workers. The lock out was necessitated only because the life and property of the management were in peril. The management also dispute the representative character of the union, and hence have no locus stands to rase such a dispute. The tactics adopted by the various unions, namely, Go Slow, insubordination and initmidation of loyal workers were such that no management could continue the work. As an instance they cite the threatened Gherao of the Manager of the Madras Regional Office when he proposed to visit the work site. The conduct of the workmen were detrimental to the smooth working of the company and hence the management was compelled to suspend the work at the work site. But for the lock out, the management contend, the valuable machinery installed at the work site could have been damaged and Section of the staff and loyal workers could have been manhandled. To prevent all these untoward incident, took rightly the precautionary steps in suspending the work site from 10-5-1978.

The workmen filed a replication reiterating their claims in the claim statement.

On behalf of the workmen WW1 and WW2 were examined and Ext. W1 to W6 have been marked. MW1 to MW3 were examined on side of the management. The evidence adduced on the side of union shows that the majority of the workmen are now represented by the 5th union. Hence 5th union is competent to contest this case. The witnesses of the workmen attempted to support the case of the union, stating that they are workmen under the management and hence the reference is proper. On the other hand the witnesses of the management categorically say that the concerned workers were not employed by them, but by the independent contractors. Even the witnesses and the workmen were forced to conceil in cross examination that they were employed by independent contractors and that there is no employer-employee relationship between them and management. The witnesses of the management have high lighted the fact that the works were allotted to independent contractors by inviting tenders and it was those contractors who employed the workers for executing the work at the site. In the face of the admission by the witnesses of the workmen and the evidence of the management. I am constrained to hold

that there is no employer-employee relationship between the management and the workmen. And so the question as to whether they are entitled to any wages during the reference period does not arise.

I am also satisfied that the alleged lock out was not declared in contravention Sec. 22 or 23 or continued in contravention of an order made under Sub-Sec. (4-A) of Sec. 10 A of the Industrial Dispute Act.

In view of the above discussion, I find that the "workmen" in the instant case are not entitled to lock out wages as claimed. An award is passed accordingly.

AWARD

The issue referred for adjudication in this dispute is the retrenchment of M. K. Vasu, who was working as a clerk in the management society.

2. By Ext. W2 award passed by the Labour Court, Ernakulam in I. D. No. 40/79, the management was directed to reinstate the workman in service without the benefit of back wages. It was held by the Labour Court that the workman would not be entitled to count the period in which he was under suspension for the purpose of increment and seniority, bnt the service rendered by him prior to the date of suspension would be reckoned for the purpose of other benefits. The award dated 7-8-1979 was published in the Kerala Gazette dated 10-6-1980.

3. Pursuant to the award, by Ext. W3 letter, the workman was informed that the committee of the management society had decided to appoint him on temporary basis. By that communication dated 8-7-1980, the workman was directed to report for duty in the post in which he was working on 9-7-1980. In Ext. W4 letter which is a reply to Ext. W3, the workman doubted the propriety of giving him such a temporary appointment despite an award of Labour Court in his favour. However, the workman was given the same salary as he was receiving at the time when he was placed under suspension.

4. Ext. W5 is a letter addressed to the workman. It is stated therein that the reinstatement itself was considering the request made by the Kerala Co-operative Employees Federation as also on the award passed by the Labour Court, Ernakulam. By another communication Ext. W1 dated 14-10-1980, the workman was informed that the management society was under financial crisis and the post of Clerk which was held by him, itself became surplus. On the above grounds the service of the workman was terminated by the management society with effect from 15-10-1980. Through Ext. W1 retrenchment notice, the workman was offered one month's wages.

5. The workman approached the Labour officials and at the behest of Labour officials some conciliation talks were held but those were unsuccessful.

6. The question now raised is the legality of the retrenchment. The case of the workman is that the retrenchment was nothing but victimisation and it was after the award passed by the Labour Court Ernakulam, in his

favour. The management was conspiring to get rid of him somehow from the service of the society. It is also contended that before effecting retrenchment, requirements in Section 25 F of the Industrial Dispute Act were not complied with. The management society has no case that at the time of retrenchment, the workman had been given retrenchment compensation as provided in Section 25 F of the Industrial Dispute Act. It is also conceded by the society that as provided in Section 25 F (c) of the I. D. Act, no notice in the prescribed manner was also served on the Government or any competent authority.

7. Evidently the workman is having more than one year service at the time of his retrenchment. In fact Ext W2 award, directions was given to count the service the workman had rendered prior to his suspension on 20-8-1972. It is also found by the Labour Court, Ernakulam that the workman had considerable length of service in the society. Therefore it is an indisputable facts that the workman was having more than one year service at the time of his retrenchment. Therefore it is necessary to adhere the provisions contained in Section 25 F of the Industrial Dispute Act at the time of making retrenchment.

8. Management has put up a case that the society is running at loss and since the business is very poor, retention of a clerk in addition to a paid secretary is unnecessary and therefore the post of clerk is definitely a surplus. May be these grounds are sufficient for retrenching a workman from as establishment. But, even then, if it is to be a valid retrenchment necessarily provisions contained in Section 25 F of the I. D. Act has to be complied with. This is a clear case in which provisions contained in Section 25 F(b) and (c) of the I. D. Act were not complied with by the management society. These facts are not at all in dispute also.

9. Therefore I pass this award holding that the retrenchment is illegal and the workman is entitled for reinstatement. He will also be entitled for all benefits of backwages from the date on which he was retrenched. The award is passed accordingly.

This award will come into force after the expiry of 30 days from the date of publication in the Gazette.

K. Kanakachandran,
Industrial Tribunal.

AWARD

The issue referred for adjudication by Government as per G.O. (Rt.) No. 1002/82/LBR dated 17-9-1982 is "Termination of services of Sri V. Unnikrishnan, Conductor". The Management involved is a proprietory transport concern.

2. The claims of the Union espousing the cause of the workman are contained in the charter of demands appended to the reference. The Management who entered appearance was asked to file its written statement of defence in answer to those claims. The case was coming up for that purpose when it was submitted on behalf of the Union by the learned counsel appearing for it that the claims are not pressed since the workman had secured alternate suitable employment abroad. An endorsement to the effect that the claims are not pressed is also made on the reference. Since the Union has abandoned the claims it is unnecessary to proceed with the case. In essence there is no subsisting industrial dispute available for adjudication. In the result an award is passed holding that there is no subsisting industrial dispute.

Compulsory retirement of Shri C. G. Manual is the issue involved in this reference made by Government as per G. O. (Rt.) No. 1289/82/LBR dated 27-11-1982.

2. Both sides entered appearance before this Court in response to the summons issued to them. Charter of demands was appended to the reference and therefore the Management was asked to file its written statement of defence. Today the case came up for that purpose when it was represented by the affected workman that he is not pursuing the remedies claimed in the charter of demands since he had preferred Shop Appeal No. 7 of 1982 questioning the correctness of the Management's action. An endorsement to that effect is also made by him on the reference. In these state of affairs it is unnecessary to proceed with this case. Hence an award is passed holding that the dispute need not be resolved in this reference in view of the pendency of Shop Appeal No. 7 of 1982.

By order of the Governor,

C. K. K. PANICKER,

Special Secretary to Government.

Explanatory Note

(This does not form part of the Notification, but is intended only to indicate the general purport).

The Public Service Commission, has been holding the view that "experience" prescribed as qualification for posts in addition to basic academic or other qualifications should be one acquired after acquisition of the basic academic or other qualification and that experience before the acquisition of such qualifications need not be reckoned. The High Court in an O.P. held that the above stand of the Public Service Commission cannot be accepted since the Special rules or orders prescribing experience as qualification do not contain any specific provision that the experience acquired after the acquisition of the academic or other qualification alone will be accepted. Having examined the observation of the High Court, Government propose to incorporate specific provision in respect of categories of posts for which "experience" has been prescribed as a qualification for direct recruitment in the different branches of the Kerala Engineering Service by suitably amending the concerned Special Rules. The above notification is intended to achieve the above object.

Explanatory Note

(This does not form part of the notification, but is intended only to indicate the general purport).

The public Service Commission, has been holding the view that "experience" prescribed as qualification for posts in addition to basic academic or other qualifications should be one acquired after acquisition of the basic academic or other qualifications and that experience before the acquisition of such qualifications need not be reckoned. The High Court in an O.P. held that the above stand of the Public Service Commission cannot be accepted since the Special Rules or orders prescribing experience as qualification do not contain any specific provision that the experience acquired after the acquisition of the academic or other qualification alone will be accepted. Having examined the observation of the High Court. Government propose to incorporate specific provision in respect of categories of posts for which "Experience" has been prescribed as a qualification for direct recruitment in the different branches of the Kerala Engineering Service by suitably amending the concerned Special Rules. The above notification is intended to achieve this object.
